

Reduction, and a Deputy Director for State and Local Affairs.

The Director of National Drug Control Policy is responsible for establishing policies, objectives, priorities, and performance measurement for the national drug control program, and for annually promulgating a national drug control strategy and supporting annual reports and an annual national drug control program budget to be submitted to the Congress by the President. The Director advises the President regarding necessary changes in the organization, management, budgeting, and personnel allocation of Federal agencies involved in drug enforcement activities and is also responsible for notifying Federal agencies if their policies are not in compliance with their responsibilities under the National Drug Control Strategy. Additionally, the Office has direct programmatic responsibility for the Drug-Free Communities Program, the

National Youth Anti-Drug Media Campaign, the various programs under the Counter-Drug Technology Assessment Center, and the High Intensity Drug Trafficking Areas Program.

The Office of Policy Development is comprised of the Domestic Policy Council and the National Economic Council, which are responsible for advising and assisting the President in the formulation, coordination, and implementation of domestic and economic policy. The Office of Policy Development also provides support for other policy development and implementation activities as directed by the President.

Domestic Policy Council

The Domestic Policy Council was established on August 16, 1993, by Executive Order 12859. The Council oversees development and implementation of the President's

domestic policy agenda and ensures coordination and communication among the heads of relevant Federal offices and agencies.

National Economic Council

The National Economic Council was created on January 25, 1993, by Executive Order 12835, to coordinate the economic policymaking process and provide economic policy advice to the

President. The Council also ensures that economic policy decisions and programs are consistent with the President's stated goals, and monitors the implementation of the President's economic goals.

The Office of Science and Technology Policy was established within the Executive Office of the President by the National Science and Technology Policy, Organization, and Priorities Act of 1976 (42 U.S.C. 6611).

The Office serves as a source of scientific, engineering, and technological analysis and judgment for the President with respect to major policies, plans, and programs of the Federal Government. In carrying out this

mission, the Office advises the President of scientific and technological considerations involved in areas of national concern, including the economy, national security, health, foreign relations, and the environment; evaluates the scale, quality, and effectiveness of the Federal effort in science and technology; provides advice and assistance to the President, the Office of Management and Budget, and Federal agencies throughout the Federal
